

Be who God made you to be and you will set the world on fire

Keyham Barton's Curriculum Vision

Intent

At Keyham Barton we want to **enable** our children to meet their full **potential**, understand their **worth** and to be the best version of themselves they can be. We aim to **empower** every child to develop a **lifelong love of learning** so as to **entrust** them with the future as **agents of social change**. We want children to be **excited** about learning, **motivated** to work hard and to **aspire** for **excellence** in all that they set their minds to so that they become **creative problem-solvers**. Every child is **unique**, with **individual** talents and God-given gifts. We encourage our children to be **curious, resilient, aspirational** and **independent**. Through our values and virtues we seek to develop **integrity, perseverance, courage, strength, compassion, humility, kindness and justice**. We meet every child where they are in their learning and support them in growing to reach their potential.

Implement

Keyham's curriculum is rooted in **experiential** learning opportunities that seek to build **transferable knowledge and skills**, creating **learning opportunities** that link, so as to **maximise** depth of **knowledge**. Learning fosters an appreciation of our beautiful locality and celebrates its rich history, developing an understanding of changes which have taken place over time. The topics have been coherently designed to build on one another with **clear progression** to enable our children to **explore concepts deeper**, applying their knowledge in different contexts and developing **mastery**. We seek out opportunities to **collaborate** and teach children the value of working together. For our children we firmly believe a **strong foundation** in Reading, Writing, Phonics and Maths is essential as through this they can access all other areas of learning but balanced with creativity and opportunities to develop the whole child through music, art, drama, our excellent Sport's provision, dance and technology. We expect children to take **ownership** and **responsibility** for their own learning and to understand what it is they need to do to be successful. Our **Keyham Keys** foster independent **learning behaviours**, to help children **unlock** their own **learning potential**. Learning is rooted in the most current educational and scientific research about **cognition** and **retention**.

Impact

We seek to **enable** our children to leave Keyham Barton as **pioneers, creative thinkers** and **problem solvers**, who are **empowered** with the **ambition** to effect **positive change**; for every child to have a sense of **belonging** and **appreciation** for our local community and a sense of **responsibility** as part of our **global community**. Our children will leave us with a **passion** and **joy** for **lifelong learning** so that they can grow to be **artists, mathematicians, athletes, writers, historians, engineers, musicians** and **scientists**.

Be who God made you to be and set the world on fire.
